SARANAC LAKE NEW YORK

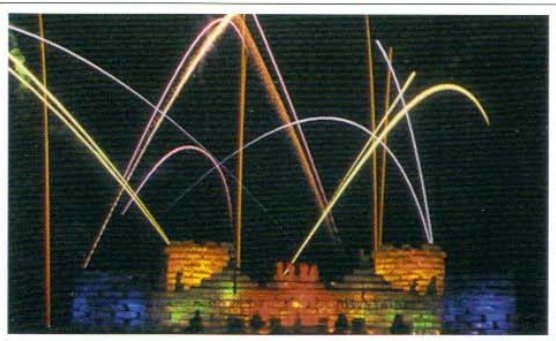

**Best Western
Mountain Lake Inn**

Nestled in the heart of the Adirondack Mountains, the Best Western Mountain Lake Inn of Saranac Lake is the prime location to enjoy the many activities and events this pristine mountain region has to offer.

Rich in historical heritage, Saranac Lake was initially established as a health resort in the late 1800s due to its pure mountain air and serene healing atmosphere. As the town's popularity grew, visitors as notable as Presidents Roosevelt and Coolidge, Mark Twain, Albert Einstein, and Robert Louis Stevenson traveled to the area not only for the reputable health resort facilities but also for the year-round recreational activities that could be enjoyed throughout the region.

One of the most well-known events is Saranac Lake's Winter Carnival, established in 1898. At first a small event, the carnival has developed into a nine-day festival which includes parades, fireworks, unique Adirondack sporting events, and the world-renowned Ice Palace.
